What do we know about Jakarta?

Where is Jakarta, do you think? Draw a dot with lead pencil to show where in this country you think Jakarta might be? What is the name of this country, and where is it in relation to Australia? Can you label anything else on this map?

Notes

Landscape — is the city inland or coastal, mountainous or flat?

People and population — for example languages spoken, culture, religions

Climate

Economic activity — what jobs people have; types of industries

Why does it sometimes flood in Jakarta?
